

PREMIUM ENGINE FLUSH

DESCRIPTION

DashOil premium engine flush is a high-performance solution specifically formulated to prolong your engine's lifespan. This advanced engine flush works meticulously to clean the internal components of your engine, effectively reducing sludge and deposit formation that can hinder performance. By thoroughly cleansing the engine, DashOil premium engine flush helps to maintain optimal engine efficiency and performance, contributing to significant fuel savings over time. Its powerful formula removes all residues and contaminants, promoting smoother operation and reducing wear and tear on engine parts.

SUITABILITY

Suitable for all types, 4-stroke engine motorcycles and scooters. Always adhere to the motorcycle manufacturer's instructions.

RECOMMENDATIONS

Before any engine oil change, pour DashOil premium engine flush into the engine to mix with the existing oil. Start the engine and let it run for 5 minutes to flush out carbon and deposit formations without driving the vehicle. After this process, drain the old oil and add new engine oil. Use DashOil premium engine flush every 10,000 km or 5 months, whichever comes first.
