

H200 MINERAL 4T 20W50

DESCRIPTION

DashOil has developed a premium mineral-based lubricant for bikers that provides exceptional engine cleanliness, superior wear protection at high temperatures, and effective corrosion protection. The device is designed for worry-free operation, resulting in smoother functioning and improved noise damping. It also improves engine and gear performance, regulates fuel consumption, and maximizes engine power output. The product is designed to provide worry-free engine and component protection, boosting your riding experience.

STANDARD & SPECIFICATIONS

Surpasses JASO MA2 and API SL industry requirements.

SUITABILITY

Suitable for all 4-stroke long-ride motorcycles with either a carburetor or fuel injection system. Always adhere to the motorcycle manufacturer's instructions.

RECOMMENDATIONS

To ensure optimal performance and biking experience, do not combine with other synthetic or mineral lubricants. Oil changes depend on usage and bike type.

PROPERTIES & CHARACTERISTICS

NAME	METHOD	TYPICAL PROPERTIES
Density @ 15 °C (kg/L)	ASTM D4052	0.8860
Pour Point °C	ASTM D97	-10
Flash Point °C	ASTM D93	212
Viscosity @ 100 °C (cSt)	ASTM D7042	18.8
Viscosity @ 40 °C (cSt)	ASTM D7042	171.1
Viscosity Index	ASTM D2270	124
